## StainlessGuide 2024

*With a circulation of 20,000 copies, and providing detailed information on several thousand suppliers - producers, traders, service centres and stockholders - of stainless steel semi-finished products - coil, sheet, plate, tubular and long products - worldwide, **StainlessGuide 2024** is the reference source for suppliers and buyers of stainless steel. This publication is also, of course, an ideal vehicle for promoting your company's products and services to customers and potential customers around the globe.*

*We would like to remind readers that it is very important that you contact us if you wish to be included in subsequent editions, or if you need to make amendments to your entry. Just go to **www.stainless-guide-entry.com**, where you can include an entry, change your entry, book advertisement space.*

***StainlessGuide** is published by **StainlessSteelFocus Ltd** and Verlag **FocusRostfrei** GmbH. Our other publications (which are also now available online) include **StainlessSteelFocus** (our international English language publication), **FocusRostfrei** (in German), and **FocusNerez** and **FocusNierdzewne** (in Czech and Polish). For sample copies of these publications, simply contact **info@stainless-steel-focus.com** or **info@focus-rostfrei.com**.*

#### Products:

Precision Metals EU is part of the Knight Group of companies, supplying and processing precision strip and wire to European customers from our production and warehouse facility in Belgium. As a BS EN ISO 9001 approved, multi-metal supplier, we offer competitive pricing on the supply and processing of strip, coil, foil, sheet, and wire. You can choose from a comprehensive range of stainless steels, includes austenitic, ferritic, martensitic, duplex and precipitation hardened alloys, in addition to alloys in nickel, aluminium, titanium, brass, copper and carbon steels, plated and clad metals. Our efficient and high standard processing includes de-coiling, shearing, cut to length and edge dressing. We can process material from 0.0125mm (0.0005") thick and from 0.70mm (0.028") wide to 1,000mm as standard. As industry processing specialists, we can offer a unique low width thickness ratio 3:1 compared to the normal minimum 8:1 ratio. We are one of Europe's largest independent processors and suppliers of precision strip and wire and with our extensive range of products and services, we can meet your mater needs.

### Products:

Knight Strip Metals Ltd (KSM) is part of the Knight Group of companies. As a key global supplier and processor of precision metals for over 75 years, we are experts in precision strip, foil, sheet and wire. We offer manufacturers an extensive and reliable source of the highest quality precision materials and processing while remaining competitively priced. With exclusive mill agreements, we supply the latest alloy innovations available in stainless steel, nickel, titanium, aluminium, copper and carbon steel, in addition to clad aluminium and plated metals. Products can be individually tailored to each customer's unique end application requirements. As one of Europe's largest independent processors, our services include decoiling, shearing, cut to length and edge dressing and more. We specialise in processing material from 0.0125mm (0.0005") thick and from 0.70mm (0.028") wide to 1000mm as standard and we can offer a unique low width thickness ratio 3:1. KSM is ISO9001 approved and has achieved multiple aerospace approvals, including IS09120.

Stainless Band is a privately owned UK business in stainless coil processing covering a diverse range of sectors including the automotive, oil and gas, petrochemical, electronic and pharmaceutical industries across the UK, Europe, the Middle East and beyond.

Stainless Band supplies its customers with a range of stainless coil processed products and services including slit blanks, oscillating and bobbin wound stainless steel coil in various grades and thicknesses, edge dressings, coatings, finishes and more.

The growth of the company over the last 10+ years has been significant. Throughout this period, it has evolved to meet the changing needs of its customers. Adding tensile, hardness and chemical analysis testing as an in-house service has assisted in us for total traceability of materials during production valuable support for our ISO 9001 quality assurance system.

Stainless Band prides itself on a quick on-time delivery, quality processed products and competitive pricing. We also believe that employing a multi-lingual team is essential when working in the International marketplace. Being able to communicate in our customer's primary language whilst observing cultural differences both makes business with Stainless Band easier and illustrates its ultimate respect for its customer base.

Stainless Bands accreditation to ISO 14001 environmental standard ensures the company continues to reduce waste by recycling packaging we receive and reduce the amount we send to our clients by monitoring and introducing new substitute product.
